Healthix

Job Title: Senior Information Security Analyst

Status: Full Time

Location: New York, NY

About Healthix

Healthix is part of a nationwide movement to improve our health care system through better access to information. Healthix is the largest public health information exchange (HIE) in the nation, bringing together over 1,1 00 healthcare organizations at more than 7,000 sites across New York City and Long Island. We provide secure access to clinical data of more than 17 million patients to improve quality of care, efficiency and effectiveness. Healthix delivers actionable patient data electronically 24/7 in real time, with patient consent and consistent with regulations and policies established by NY State Department of Health. Healthix mission is to support healthcare providers and health plans to provide care management, improve clinical outcomes, promote efficiency and reduce healthcare costs.
