Healthix

OUCH

Imagine if…

- You're unexpectedly injured and taken to the ER

- Your specialist wants you to get blood tests and x-rays, but you had these tests at a walk-in center the week before

- Your physician could see your full medical history from your first visit

- You have a chronic illness, such as high blood pressure or asthma, and your doctor could receive alerts anytime you go to an ER or hospital

No need to imagine — it's possible

Healthix securely gathers your medical information from hospitals, physician offices, labs, radiology centers, and many other organizations and matches that information to create a master patient record.

ARE YOU READY TO SAY YES TO HEALTHIX?

Grant consent by signing a Healthix Consent Form, and your providers will have secure access to your medical information anywhere, anytime.

HEALTHIX CONSENT

Healthix is a public Health Information Exchange funded by the NYS Department of Health. We ensure your medical information is securely available across the state.
